

PROGRAM LETTER FOR EXPERIMENTAL/EXHIBITION, RACING, AND CONTESTS

Month, Day, Year

Sacramento Flight Standards District Office (Or your Local FSDO)
6650 Belleau Wood Lane
Sacramento, CA 95822

Subject: Experimental/Exhibition Aircraft Program Letter

Owner: Name
Street
City, State Zip

Aircraft: Make & Model Number (ie: Schleicher ASW27-18)
Registration: N#####
Serial No.: #####

Purpose:

The glider (aircraft) is intended to be flown in pursuit of Soaring Society of American (SSA) and Federation Aeronautique International (FAI) records and sponsored contests. Also the glider will be flown for proficiency and practicing for these events.

Specifics:

The glider will be located at Williams Soaring Center (WSC), Williams, California. Proficiency and practice flights will normally occur within 300 nautical miles of WSC. While flights will depart from WSC there is no assurance that the return landings will occur at WSC. Proficiency flights will be necessary at other locations in the continental United States in preparation for participation in soaring contests and SSA and FAI awards and record flights.

An entry will be made in both the pilot's logbook and the glider's logbook after each attempt and/or practice flight. The pilot's logbook entry will show the date, purpose, location (starting point), landing point, and the total flight time. The glider's logbook entry will show the date and total flight time. All flights in this glider will be operated under visual flight rules (VFR) day time only.
