- 750km Diploma
- 1,000 Diploma
- 1,250 Diploma
- Symons Award and Lennie pin.
- New state record

Exceptional Service to Soaring

Philip Lee

For his initiative, leadership and personal work to generate specifications, software and hardware and a master plan for installation of OGN (Flarm) receivers in Region 11.

Sergio Mentoring Award

Don Flinn

For free training and mentoring most of Cal Poly Akaflieg students in the last 4 years on their journey towards becoming rated glider pilots and progression into XC. He has given hundreds of instruction flights and has been instrumental in getting 12 Akaflieg students solo endorsed. Of those 12, 8 are now licensed glider pilots who will undoubtedly shape the future of the sport.

Les Arnold Award

Charlie Hayes

For his many years of untiring devotion to the sport of soaring. Over 20 years of working with several glider/soaring operators in Region 11 as FBO, instructor and tow pilot. He instructed and mentored many, many pilots throughout Region 11 in all aspects of soaring and XC skills.

Safety Service Award

John Hodgson

For safely leading the National Auxiliary-powered Sailplane Association's annual two-week event at Parowan, Utah for the past few years. Parowan is a challenging airfield due to many local factors and he passed up many great flying days to drive a wide range of innovative safety enhancements, against considerable reluctance. Operational Safety has improved markedly!
